PROFESSIONAL SUMMARY

AI & ML undergraduate with hands on experience in Generative AI, Machine Learning, NLP, and Deep Learning projects. Skilled in building intelligent applications using Python, Streamlit, ChromaDB, TensorFlow, and modern AI tools. Experienced in developing RAG based chatbots, computer vision systems, and data driven ML applications with strong problem solving and analytical skills. Passionate about building scalable AI solutions and continuously learning emerging technologies in Artificial Intelligence and Data Science.

EXPERTISE IMPLEMENTATION

GenAI Powered Drug RAG Chatbot:

- Built a RAG based chatbot for answering drug related PDF queries using Python and NLP. Implemented semantic search, vector embeddings, and ChromaDB for intelligent retrieval.
- Integrated Gemini API for context aware AI generated responses.

Smart Rent Analyzer:

- Developed a Streamlit ML application for rent vs buy prediction in Chennai. Applied Multiple Linear Regression for housing price analysis.
- Built interactive dashboards with data visualization and financial insights.

Face Recognition Attendance System:

- Developed a FaceNet based attendance system using Deep Learning. Automated real time face detection and attendance logging.
- Generated attendance reports automatically using Excel integration.

ADDITIONAL INFORMATION

Technical Skills:

- **Programming:** Python, SQL, Java
- **AI & Machine Learning:** ML, DL, Generative AI, NLP, RAG, Computer Vision, Data Analytics.
- **Libraries & Frameworks:** TensorFlow, Scikit Learn, Pandas, NumPy, OpenCV, Streamlit
- **Databases & Tools:** Excel, Power BI, Streamlit, ChromaDB , Git & GitHub
- **Cloud & APIs:** Gemini API, REST APIs, AI Model Integration

Soft Skills: Collaboration, Teamwork, Adaptability. **Languages:** Fluent in Tamil, English.

EDUCATION & CERTIFICATIONS

RAJALAKSHMI ENGINEERING COLLEGE

Bachelor of Technology in Artificial Intelligence and Machine Learning

Tamil Nadu, Chennai | 2022-2026 | CGPA: 7.77 (up to 7th Semester)

- Cloud Computing – NPTEL
- Deep Learning & Neural Networks – Learning Path (LinkedIn Learning)
